TEI DIVERSIFIED INCOME AND OPPORTUNITY FUND VI, LLC

THE OFFERING

TEI Diversified Income & Opportunity Fund VI, LLC ("TEI DIOF VI") seeks to acquire whole or partial interests in a diversified portfolio of opportunistic and income producing properties. The portfolio may consist of office, retail, multifamily, student housing, mixed-use, industrial, and parking garages across the United States and internationally. The Fund may also acquire interests in discounted mortgage loans, construction service/renewable energy ventures, public/private stock in real estate related companies and subordinate B Piece lender participation for mortgage and mezzanine debt.

INVESTMENT PHILOSOPHY

Over the last five decades, TEI has acquired a diverse portfolio using tried and true guiding principles with an innovative edge. TEI's decision making is focused on a dedication to long-term ownership, opportunistic buying, and cash flow. TEI believes that a diverse portfolio, spread across multiple property types, sizes, and markets is the best way to hedge against the inevitable cycles that dominate the history of not only the real estate industry, but the entire economy as a whole. TEI focuses on limiting downside risk through such cycles by underwriting changing market conditions and examining a myriad of present and future property specific issues.

BUSINESS PLAN

TEI DIOF VI will strive to make growing quarterly and year-end bonus distributions with the objective of returning 100% of the original invested capital through a combination of earnings, refinancings and/or sales. It is anticipated that once capital has been returned, each investor shall continue to be entitled to their share of additional ongoing distributions. This strategy provides the investor the ability to have capital returned in a tax-efficient manner while at the same time maintaining the benefits of diversification (of properties owned as compared to a single asset fund) and long-term real estate ownership.

INVESTMENT OBJECTIVES*

- Pay quarterly distributions before and after the return of 100% of original invested capital.
- Generate durable income from a diversified investment portfolio.
- Provide the opportunity for appreciation through the acquisition, operation, management, refinancing, and/or sale of properties.

A NOTE FROM THE CHAIRMAN AND CEO

We at Time Equities Inc. appreciate your consideration of our offering. We look forward to building a long term relationship with you. We have been very successful for nearly six decades and through many economic cycles by maintaining a diversified portfolio and adhering to the guiding set of principles that have remained the same: a **dedication** to long-term ownership and opportunistic buying. Real estate rewards those who are careful, skeptical, patient, and are willing to say "no" until a compelling investment opportunity presents itself. However, no investor can pick only winners and the markets have a mind of their own. Our dedicated and experienced team of real estate executives, fund managers, and investment professionals supports the possibility for the success of the fund through the complete lifecycle of a deal, from acquisitions analysis to disposition.

This is the TEI way – cover the "downside" and the upside will take care of itself. We are committed to the success of this fund, the broker/dealer marketplace, and above all, to you. We welcome your inquiries and look forward to having you as a part of the TEI investment family, on this offering and beyond.

Sincerely,

Francis Greenburger, Chairman and CEO
