We at Time Equities Inc. appreciate your consideration of our offering. We look forward to building a long term relationship with you. We have been very successful for nearly six decades and through many economic cycles by maintaining a diversified portfolio and adhering to the guiding set of principles that have remained the same: a dedication to long-term ownership and opportunistic buying. Real estate rewards those who are careful, skeptical, patient, and are willing to say “no” until a compelling investment opportunity presents itself. However, no investor can pick only winners and the markets have a mind of their own. Our dedicated and experienced team of real estate executives, fund managers, and investment professionals supports the possibility for the success of the fund through the complete lifecycle of a deal, from acquisitions analysis to disposition.

We are committed to the success of this fund, the broker/dealer marketplace, and above all, to you. We welcome your inquiries and look forward to having you as a part of the TEI investment family, on this offering and beyond.

Sincerely,

Francis Greenburger, Chairman and CEO
Time Equities Inc.
